Project Design Phase-II
Data Flow Diagram & User Stories

Date	24 October 2026
Team ID	
Project Name	Global Olympic Sports Performance Analysis
Maximum Marks	4 Marks

Data Flow Diagrams:

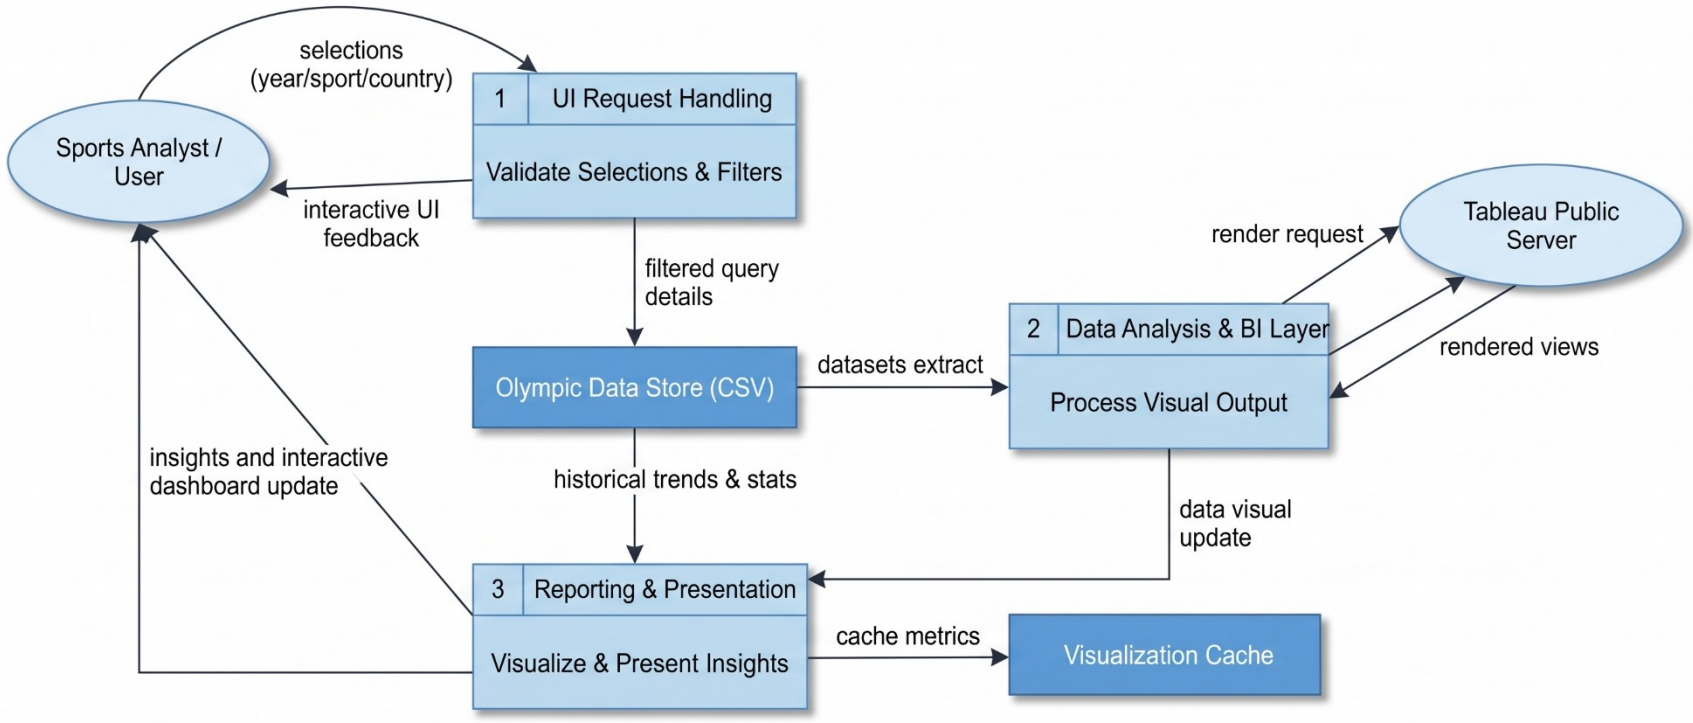

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	**External Entity**	A person, organization, or system outside the project that sends or receives data (e.g., Customer, Payment Gateway).
Rectangle with numbered header	**Process**	An activity that transforms incoming data into outgoing data (e.g., Validate Request, Process Order).
Rectangle (solid fill, no number)	**Data Store**	A place where data is held for later use (e.g., Customer Database, Inventory).
Labelled arrow	**Data Flow**	The movement of data between entities, processes, and data stores, labelled with what data is

		being passed.

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Web User	Dashboard Viewing	USN-1	As a user, I can view global medal trends over time.	Line chart renders correctly with data from 1992-2026.	High	Sprint-1
Web User	Dynamic Filtering	USN-2	As a user, I will receive confirmation email once I have registered for the application	Dropdown filters update all visualizations on the dashboard simultaneously.	High	Sprint-1
Web User	KPI Selection	USN-3	As a user, I can switch the vertical bar chart to show Total, Gold, Silver, or Bronze medals.	Calculated field and parameter properly toggle the measured values.	High	Sprint-2
Web User	Story Navigation	USN-4	As a user, I can navigate through a multi scene Tableau story.	Story points allow clean Transitions between Dashboard 1 and Dashboard 2.	Medium	Sprint-2
